RE: Proposed Substitute Unit Well
TP-1 Sand, Reservoir A
MANILA VILLAGE FIELD
Jefferson Parish, Louisiana

Dear Sir:

Application is hereby made on behalf of Stone Energy Corporation for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the TP-1 RA SUA, located in the Manila Village Field, Jefferson Parish, Louisiana, created by Office of Conservation Order No. 582-Z-1, effective November 13, 2001.

1. To designate the Stone Energy Corporation - LL & E Fee No. 3 (ST-2) Well located in Section 21, Township 18 South, Range 24 East, in the Manila Village Field, Jefferson Parish, Louisiana, as a substitute unit well.
2. To consider such other matters as may be pertinent to this application.

The designation of the well as a substitute unit well is necessary and in the interest of conservation to efficiently and economically drain a portion of the TP-1 RA SUA which cannot be efficiently and economically drained by any existing well within such unit. The present unit well, the TP-1 RA SUA; LL & E Fee No. 1 ceased to produce from the TP-1 Sand in February, 2004. The present alternate unit well, the TP-1 RA SUA; LL & E No. 3 (ST-1), produces intermittently from the TP-1 Sand.

The TP-1 Sand in the Manila Village Field, Jefferson Parish, Louisiana, was fully defined in Office of Conservation Order No. 582-Z-1, effective November 13, 2001.
